Nayandip P. Hadole *Student*

nayandipphadole11@gmail.com
9359600435
Pune, Maharashtra

Summary

B.Tech Bioengineering student with a strong interest in biomedical sciences, healthcare innovation, and medical technology. Skilled in research, laboratory documentation, data analysis, and teamwork, with academic exposure to biomedical imaging, wearable health-monitoring concepts, biomaterials, and disease detection using machine learning. Eager to apply engineering and biological knowledge through internships and projects that improve patient care and healthcare outcomes.

Professional Experience

Student Intern 09/2026 | Pune, Maharshtra
Completed a short internship in biomedical sciences, gaining exposure to laboratory practices, biomedical research, healthcare technology, and technical documentation. Assisted with basic data collection, literature review, and project activities while developing teamwork, communication, and problem-solving skills.

Education

B.Tech Bioengineering, *DYPIU* 08/2026 | Pune, Maharashtra
Currently pursuing a B.Tech in Bioengineering at Dr. D. Y. Patil International University (DYPIU), first year. Building a foundation in engineering principles, biological sciences, biotechnology, and biomedical applications, with a strong interest in healthcare innovation and medical technology

Skills

Healthcare Data Analysis
Biomedical Research & Literature Review
Machine Learning for Healthcare Basics
Technical Documentation & Report Writing

Languages

English
Hindi
Marathi

Courses

Introduction to Biomedical Engineering 11/2026 | Pune, Maharashtra

Human Anatomy and Physiology 11/2026 | Pune, Maharashtra

Projects

Biomedical Image Analysis 10/2026
Use Python and OpenCV to perform basic image enhancement or edge detection on sample X-ray images.

Heart Rate Monitor 10/2026
Build a simple Arduino-based pulse sensor that displays heart rate on an LCD or serial monitor.

Interests

Gaming, Reading, Music

Declaration

I hereby declare that the information provided in this resume is true and correct to the best of my knowledge and belief.

Pune, 08 September 2026

Publications

Introduction to Wearable Health Mnitoring System, *DYPIU Student Research Blog* 27/01/2027
Wrote a brief article on wearable health-monitoring devices, their use in tracking vital signs, and their potential role in improving patient care.

Organisations

DYPIU, *Biomedical Science Intern* 11/2026 | Pune, Maharashtra
Assisted with basic biomedical research, literature review, data collection, and laboratory documentation. Gained exposure to healthcare technology, biomedical engineering concepts, and teamwork in a professional learning environment.
